

# RESOURCES

## Art Stamping Innovations: Carving Workshop

There are so many resources available to artists worldwide. This list represents the companies referred to in *Art Stamping Innovations*. There are infinite others that are excellent, too! Hopefully, this list will be a valuable beginning point for your own personal research. Some products will be discontinued over time and new products will emerge. Experiment with a creative mindset and enjoy the discoveries.

It is also very valuable to connect and communicate with other carvers. Online groups and forums can be helpful and inspirational. Participating in art swaps is one way to learn a lot from other artists, expanding yourself on many levels in the process.
